why

In 2015, Modern Slavery surpassed gun trafficking to become the 2nd most profitable blackmarket enterprise in the world. Durga Tree International is even more committed to creating long-term, sustainable change in the area of anti-trafficking, and we need your help! The theme of our annual event is "Walking the Path of Hope" to create opportunities in the lives of those we support around the world.

Each spring, the Lacing Up for Freedom walkathon raises funds to support global initiatives that educate and economically empower survivors of exploitation and Modern Slavery. These funds change the lives of many, offering them love, hope, and FREEDOM.

LET FREEDOM REIGN
